

Pediatric First Aid CPR AED

Current First Aid and CPR cards are required for all individuals working in licensed programs. The Nurturing Center offers this course through the American Heart Association as a hybrid. Individuals will take the online course work and register for a skills session through The Nurturing Center front desk. You must complete both parts of the course to receive your completion certificate (your Pediatric/Adult CPR/FA card). You will need to complete the Pediatric CPR/FA online course, including ALL optional modules (adult CPR/AED) and then bring the completion form to their skills test. Once both components have been completed, instructors will assign the accepted card to the participant.

The Art of Talking with Children Book Discussion-6 Sessions(Zoom) Thursday, April 11th-June 27th, 6:30-8:30PM (12 Hours)

This 6-session 12-hour course offers conversation around thought as We all want the best for the children in our care -and everyday conversation offers one of the most profound and underused opportunities to help build relationships and help them thrive. But how can we make the most of these opportunities? Through this discussion, we will explore the power of everyday conversation to strengthen bonds while helping children become kinder, more confident, and more creative.
